

# **End of Summer Water Fights on Main Street Memories from “You Know You’re From Lehi”**

## **Trent Nakagawa**

I remember the huge water fights that happened on the last day of school. I recall going to Lehi Drug and buying surgical tubing to make a "water weenie". If I remember correctly the water fights went on by the school and also on Main Street. This was back in the day when Main Street was a street that you didn't avoid because of traffic congestion.

## **Jennifer Hampton Hogencamp**

I remember those.... I would have my mom bring the tubes home from work
